Description

Joy

A boost of vitamins and Mediterranean freshness

Your vitality tastes like fruit.

Papaya, mango, pineapple pieces, and goji berries meet the refreshing touch of mint in a vitamin-rich infusion that awakens the senses, delivers natural energy, and refreshes every moment of your day with delicious flavor.

Perfect for:

Starting your day with a burst of positive energy

Lightly refreshing yourself during a revitalizing break

Naturally and deliciously regaining tone and vitality

Like musical notes dancing above Forio and its seaside Torrione, every sip releases joy, liveliness, and Mediterranean color.

What makes our herbal teas special:

High-quality ingredients, carefully selected

In our filters, you can clearly see seeds, berries, peels, and whole leaves — a sign of a natural, non-powdered product

Pyramid filters made from 100% recyclable material derived from sugarcane fiber. Their generous size allows ingredients to open up fully during infusion, releasing their full aroma, color, and flavor

Colorful packaging: Each tea is enclosed in a resealable kraft pouch with a zip-lock, designed to best preserve aroma and freshness. The packaging is enhanced by a hand-drawn illustration inspired by the colors and atmosphere of the Mediterranean — an artistic touch that makes each package unique and recognizable

Inside, you will find 12 pyramid tea bags that capture all the fragrance and beauty of the natural ingredients

Preparation: Steep for 5–10 minutes

Temperature: 90°C–95°C (194°F–203°F)
