Description

A primer serum that restores radiance, tone, and elasticity to the skin. Its formula targets dull and stressed skin. It is the ideal solution for combating skin discoloration and improving the skin's luminosity and evenness, ensuring radiant, smooth, and healthy-looking skin.

Vitamin E and trehalose have a hydrating, antioxidant, and soothing effect.

Bisabolol soothes, calms, and reduces irritation, improving the condition of damaged skin. It actively fights free radicals. It also helps lighten dark spots caused by hyperpigmentation.

Mullein extract provides a radiant appearance, protecting against oxidative stress induced by UV rays.

Use as a makeup base after your beauty routine and after makeup for a touch of radiance. Suitable for all skin types.

Units in box: vaso
