Description

Ischia le terme della Bellezza has studied a cosmetic program that accompanies women in the care of facial skin from early youth. The young skin wrinkle cream is dedicated to skin that simply needs basic attention, basic daily gestures, to remain beautiful over time and to fight the first signs of loss of elasticity in the most effective way. Thanks to its active ingredients, such as tomato seeds, vitamin E, carrot and orange essential oil, it helps to maintain optimal levels of hydration and nourishment, fighting the first wrinkles and the first signs of expression. Application method: Apply the product on the face daily.
